

9600 SW Nimbus Ave, Suite 160 Beaverton, OR 97008

Insurance Acknowledgement

Please note: we **cannot** see patients who are using any type of Workers' Compensation or Automobile/Motor Vehicle insurance.

The physicians at Northwest Foot and Ankle LLC do **not** participate in any type of insurance program or agreement. We will **not** bill insurance.

We are considered an "out of network" provider for **every** insurance plan.

Many insurance plans will not pay for visits to "out of network" providers. Also, many plans will not reimburse you for the costs of seeing a provider outside their network.

If you have Medicare, Oregon Health Plan (OHP), CareOregon, HealthShare Oregon, FamilyShare, Tricare, Medicaid, and/or any other type of govt. issued health plan, your visit will not be covered and they will not reimburse you.

You may or may not receive a Superbill for your visit. Receipt of a Superbill is not an indicator that your insurance will reimburse you. Our Superbill is meant to be a receipt of your visit and/or a record for your files.

Please contact your insurance company directly if you have questions on your coverage. We do not communicate with insurance companies and do not have information on your benefits.

By signing this notice, you are acknowledging that you both understand and agree with the information outlined above. You are also agreeing that you are directly responsible for paying any and all costs incurred for services provided in our clinic and/or by our physicians.
